

Unique Hampers and Gift Baskets

Every year, we produce thousands of hampers to meet our customers varying needs. Your chosen hamper can be as unique as you require by choosing your own goods from our extensive shelf range.

We are happy to add champagne, fine wines, spirits, Christmas crackers or small gifts to your hamper to personalise it for you if you can supply them to us directly.

Fresh hams, smoked salmon, quails eggs, caviar, cheese, foie gras, pâtés, roast beef or any other fresh foods can also be added to any of our hampers or gift baskets.

Our aim is to make a unique hamper or gift basket with-in your budget requirements.

Many of our customers leave the choice to us with a few guide lines and tell us how much they would like to spend. However, for those customers who would like an idea of contents for hampers and baskets, we have put together a few of the most popular ranges.

And remember, we have an extensive range of ready made hampers for sale all year round, from £25 - £500.
